

Your Name: Brian Camilo

Portfolio Item Name: Data Structure and Algorithm

Created for: CSE 101

What part did you do? Everything

What skills does it demonstrate? C, C++, Problem-Solving and Analytical Skills, Optimization, Critical Thinking, Decision MAKING,

Portfolio status: Done

What would you do differently if you started this over? I think more optimization for some programming assignments.

What other work does this make you want to do? The skills I acquire apply to me and give me critical skills and knowledge, essential for tech roles. This work also gives me technical credibility for technical concepts which gain me credibility with engineering teams. As I aspire to become a product manager, this enhances my ability to communicate with technical teams, make decisions, and manage technically complex products effectively.
