Your Name: Brian Camilo

Portfolio Item Name: Pure Data and Metasound Design

Created for: CMPM 151 Music Algorithm

What part did you do? Everything

What skills does it demonstrate? Pure Data, Metasound, Creativity

Portfolio status: Finish

What would you do differently if you started this over? Especially for Pure Data, I would like my work to be more complex at sounds

What other work does this make you want to do? These skills can be unique and valuable in product management roles, especially industries related to music technology, gaming, or any digital product that incorporates sound or audio features.
